
REGISTRATION INFORMATION

HOW DO I REGISTER MY TEAM?

Team Captains and team members can register online at summerun.org. Team Captains must register first in order to set up a team online and then team members can join.

NOTE: Everyone registering online gets their own webpage but the team captain gets two web pages; your personal webpage and the team's webpage that you can manage.

(All funds raised by individual team members count towards the team goal.)

1. Go to summerun.org
2. Select "Form a Team" Button
3. Select Join as a new participant.
4. Enter the Team Name as you want it to appear and select your team fundraising goal amount (we suggest \$2,500)
5. Select 5K Run or 5K Walk or Virtual Walker
6. Select your personal fundraising goal (we suggest \$150)
7. Complete the personal information and additional questions
8. Agree to waiver
9. Enter Payment Info
10. Confirm Information
11. You will see confirmation (an email will be sent as well)

Please be aware that Team Captains must register online if they wish to have an online team fundraising page and have the team name appear as a sign-up option during online registration for other team members.
